ACTIVITY REPORT**Report on the Two day workshop on NAAC Preparedness and Interaction on 19th and 20th December 2022****Introduction**

NAAC accreditation identifies the quality of the institute in terms of its education, research, faculty, infrastructure, etc., as well as giving student's confidence that they are selecting a quality institution. It gives an institute instant credibility and increases its admissions. The purpose of education is to bring certain desirable changes in the learners with respect to his knowledge, skill, attitude, ethics etc. Similarly, the purpose of assessment is to measure the desired outcomes acquired by the learners during the teaching-learning process.
