DTE Code :- 2253, University Code :- 947

Date: 20/04/2023

Notice

All the students and faculty members are hereby informed that Department of Pharmaceutical Chemistry is going to organize seminar on "Molecular Docking in Drug Discovery" an increasingly important tool for drug discovery.

All should attend the same.

Date: 27th April 2023

Time: 2.30pm

Venue: Seminar Room

Activity Name: Seminar on "Molecular Docking for Beginners"

PROGRAMME ACTIVITY REPORT

Academic Year 2022-23

Date, Time and Day	Date: 27/04/ 2023	Time: 2.30pm	Day: Thursday
Introductory Details of Function/Program/Event/Session			
Name of the Activity Domain	ICT/ Software Awareness		
Name of the activity	Seminar on "Molecular Docking for Beginners"		
Organized /Sponsored by	Department of Pharmaceutical Chemistry		
Coordinator/Incharge	Mr. Moein S Attar		
Objective	To provide participants with a comprehensive understanding of molecular docking techniques and their applications in modern drug discovery.		
Program Description	<p>The seminar was held on 27/04/2023. The keynote speaker was Dr. Anant N. Deshpande, who is a renowned expert in the field of molecular docking. The seminar was attended by our research students. The speaker discussed the principles and recent applications of molecular docking in modern drug discovery. The talk covered the sampling algorithms, scoring functions, and diverse available software for molecular docking.</p> <p>The speaker also demonstrated the interplay of docking, classical techniques of structure-based design, and X-ray crystallography in the process of drug discovery. The talk concluded with several success stories of molecular docking approaches in drug discovery, concluding with remarks on molecular docking for the future.</p>		
No. of Participants	39		
Outcome	Participants gained a deeper insight into the principles and mechanics of molecular docking. Understood how protein-ligand interactions are modeled and how docking algorithms explore potential binding conformations.
