1.	Student	Need to look for laboratory resources  My college giving best placement opportunities to their students...  Upgrade and update your instrumentation facilities  My experience of the college is excellent and satisfactory. Hope staff continue to support more students like me.  Career opportunities & guidance for that should be added. MCQ type test series should be there to improve day to day learning  There is shortage of time while conducting the lecture so questioning about our doubts are retained. Teachers should go through the toughness of chapter and they should make as easy as possible to understand each n every topic to all students. They should try to motivate more to those students who are not much better in their academic study so that students will able to give their best	Discussed and purchased.  Noted.
