DVV Clarification

5.1.3_3 Copy of Circular / brochure / report of program with photographs with captions of programs along with details of the resource persons for the last five years.

For the year 2022-23, the total number of students benefitted by guidance for competitive examinations and career counselling is $660+518=1178$ (participants) as per data template. As it should not be more than the total number of students, we considered it as 665 (with single head count of students).

For the year 2018-19, the total number of students benefitted by guidance for competitive examinations and career counselling is $663+60=723$ (participants) as per data template. As it should not be more than the total number of students, we considered it as 410 (with single head count of students).

Please consider the input as **665 (2022-23) and 410 (2018-19)**.
