## POLICY DOCUMENT ON ENVIRONMENT AND ENERGY USAGE

### 1. Introduction:

The Environment and Energy Usage Policy of **Channabasweshwar Pharmacy College (Degree), Latur** is designed to manage energy and minimize its impact on the environment. The main aim of this policy is to explore renewable energy sources as a solution to the energy crisis. The green energy concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms. The college has always created sustainable solutions to environmental needs of mankind.

This environmental and energy policy is binding for all components of the institution and applies to all stakeholders as well as the various activities of the institution. This can help us to integrate energy conservation into our daily activities, increase environmental awareness, the desire to conserve and limit the use of natural resources.

**Channabasweshwar Pharmacy College (Degree), Latur** conducts green audit annually to assess its strengths and weaknesses of long-term environment sustainability. The college also conducts energy audit annually to assess its energy usage and identify wastage of energy. The college invites a government certified energy auditor to conduct the energy audit. The college takes into cognizance the comments and implements the recommendations of the auditing agency to reduce energy consumption. The college organizes various events for environment sustainability to ensure a clean and eco-friendly environment on campus. The college also takes initiatives to generate mass awareness of cleanliness and hygiene among the students and staff members by doing participations for various cleanliness drives.

### 2. Objectives:

The key objective of the Environment and Energy policy includes:

- To practice energy saving methods in all possible ways.
- To raise awareness among stakeholders about energy saving measures.
- To purchase energy saving devices consciously.
- To maintain the all objects that consumes energy regularly.
